Sir:

I am but a lowly consumer and cannot afford 10,000 dollar an hour lawyers.

I have no way to file any briefs with any judges and would not even know how.

I can tell you one thing. On my computer I cant even remove one small icon that has to do with the MSN network. I would not even begin to be able to come close to removing or using any other soft ware on my home PC.

Now I know little of the law and have no way of sending this letter to the judge.

I can tell you one thing micro soft has monopolized my system and that's a fact.

Thank You

Thomas F. Sullivan
